

The Fcc blatantly discriminates against two groups, Christians and minorities. The media giants are destroying American minds. UPN, WB, ABC, all make Blacks look like fools. Are you racist? if not command that there be equal amount of minorities on reality tv as whites as well as the other shows. Allow Blacks to launch their own networks if you are not trying to oppress us. Also, have them to have a black bachelor and bachlorette show if there is no discrimination. This world's media should not be dominated by one group of people. No more foolishness, this is suppose to be the land of the free and the home of the brave.
